

HONG KONG SCIENCE AND TECHNOLOGY PARKS CORPORATION

Admission Application for MARS Centre at 2 Dai Wang Street, Tai Po INNOPARK (Ref: MARS/M013)

Hong Kong Science and Technology Parks Corporation (HKSTP) manages three INNOPARKs in Tseung Kwan O, Tai Po and Yuen Long, aiming to support innovation and technology-driven manufacturing activities by providing suitable multi-storey industrial spaces, and/or land resources to facilitate the development of new industrial operations in Hong Kong.

MARS Centre (MARS) at 2 Dai Wang Street, Tai Po INNOPARK is re-modelled from an existing industrial building to support manufacturing of medical accessory resilience supplies with a view of helping to build resilient supplies. With a Gross Floor Area (GFA) of lease of about 200,000 square feet, the building aims to boost the local capacity for supplying personal equipment, this refurbished industrial building is built for products demand precision, hygiene and quality at all levels of the production cycle.

HKSTP is now inviting interested companies from industries for the application of production areas in MARS. Application briefing and site visit will be arranged upon request, interested parties may contact Advance Manufacturing team at +852 2629 6908 or email to mars@hkstp.org.
